

ThinkPad THUNDERBOLT™ 3 WORKSTATION DOCK GEN 2

THE POWER OF A WORKSTATION, TAKEN FURTHER.

Unlock more ways to be productive with the new generation of workstation dock. The Lenovo™ ThinkPad® Thunderbolt™ 3 Workstation Dock Gen 2 turns your ThinkPad Mobile Workstation into a productivity powerhouse, adding support for three 4K displays, optimized one cable charging, a slew of expansion ports, and advanced network manageability features.

WHY YOU SHOULD BUY THE LENOVO THINKPAD THUNDERBOLT™ 3 WORKSTATION DOCK GEN 2

One power, more space.

A 230W power adapter that's 30% slimmer than the previous generation saves you desk space without costing you performance and allows you to quickly charge your 170W Mobile Workstation or 65W to ThinkPad Classic Notebook via a single cable.

Expanded support, extra possibilities.

Do more and be more with added support for ThinkPad Classic Systems, thanks to Split Slim Tip and Thunderbolt™ docking ports. Upgrade either device with one cable video, data, and power connectivity any time you please.

Superior networking, secure data.

The dock provides advanced, secure network manageability such as PXE boot and Wake-On-LAN. It also supports passing ThinkPad Mac through the dock for IT to identify the system.

ThinkPad THUNDERBOLT™ 3 WORKSTATION DOCK GEN 2
